

“Oh Taste and see that the Lord is Good”

Describing what something tastes like usually requires a comparison, however there is nothing on earth to compare God to. Everyone must experience God personally. God entered our world so we could understand and know Him. Jesus Christ said “He that hath seen me has seen the Father.” Put your trust and faith in Jesus Christ and you will discover for yourself that God is Good.

When God created the World, at the end of each day He described what He had done by saying “Good.” When Adam and Eve failed to obey and trust God they began the long story of sin (that which is not good). God sent His Son to solve the sin problem and that is Good.
